Additional Comments

1.	Additional Comments
	• Ima be honest, I didn't go to office hours for 505, and I don't have any idea who this is
	• One of the best teachers in the department, he's done a great job teaching this semester. Unfortunately, some of the students don't attend class. It makes sense when they end up doing poorly as a result. Much of the class isn't that hard or bad to do, but if you're not coming to class and not hearing Dr. Vasserman tell the class exactly what he is expecting then it can become a lot harder.
