Muhammad Sharif
[redacted]

Dear Muhammad Sharif:

I am pleased to inform you that the College of Engineering at the University of Nebraska – Lincoln has awarded you a **Nebraska Engineering Recruitment Fellowship** for your upcoming first two years of study in a College of Engineering graduate program. This fellowship will be paid out in two equal payments of $2,500 at the beginning of fall and spring semesters for a yearly total of $5,000 for two years. Fellowship payments will be itemized in your student account in MyRED and deposited to a bank account set up for direct deposit.

There is no work or service requirement associated with the fellowship payment. Graduate students receiving stipend fellowships must be full-time students, either registered for a minimum of nine credit-hours or granted full-time status each semester during the period in which they receive the fellowship. Failure to meet the registration requirements may result in forfeiture of the fellowship.

If, during the course of the semester, you withdraw from all courses, the fellowship will be forfeited. A registration hold will be placed on your student account and you will responsible for returning all fellowship payments to the University.

The provisions of the tax law require students who are degree candidates to report fellowship awards as taxable income to the extent such awards exceed "course-related expenses." The IRS does not require institutions to withhold tax with respect to fellowship payments nor does it require institutions to report those payments, except in the case of certain nonresident aliens.

You may accept a graduate assistantship or other part-time student employment on campus during the time you hold this fellowship. However, total employment may not exceed 19.6 hours per week during the academic year to include all positions and appointments internal and external to the university. We hope this fellowship award will provide helpful support as you complete your degree.

Please sign your name to indicate your intent to accept or decline this offer by November 18, 2022. If we do not hear back from you or receive a signed copy of this letter by then, we will presume you have declined the fellowship and it will be withdrawn

Congratulations on this award! If you have any questions about the fellowship, please do not hesitate to call me at (402) 472-5649 or Kayla Person at (402) 472-7079.

Sincerely,

Daniel Linzell, Ph.D., P.E., F.ASCE
Associate Dean for Graduate and International Programs

☑ I accept the fellowship offer as stated above and agree to abide by the terms and conditions outlined.
☐ I decline the fellowship offer as stated above.
